

Song Lyrics to, "The Blind Man Saw It All"

TESTIFY

CHORUS

I've got to tell someone
What a mighty thing that my Lord has done
His Love has changed my life
I've gotta stand and testify
I want to make it known
Can't believe the mercy that I've been shown
Got joy and hope inside
I've gotta stand and testify.

Grace came to me and my soul is compelled
I've got such good news that I just can't keep to myself

CHORUS

Feels like a fire that is shut in my bones
His Word says, "Let the redeemed of the Lord say so"

CHORUS

Testify, testify
Took away my guilt and sin
Testify, testify
Gave me peace and joy within
Testify, testify
Oh I'm forgivin' for everything that I've done wrong
And if it's true for you get on your feet and sing along.

CHORUS

HE SAW IT ALL

I was working in town one afternoon
Attending some business affairs
I heard a commotion a couple streets over
And wondered. "What's happenin' there"
A young man was running from in that direction
And stopped just to catch his breath
I asked him to please tell me what was the hurry
He smiled up at me and he said.

CHORUS

I was trying to catch the crippled man
Did he run past this way?
He was rushing home to tell everyone
What Jesus did today
And the mute man was telling myself and the deaf girl
He's leaving to answer God's call
It's hard to believe but if you don't trust me
Ask the blind man, he saw it all
Ask the blind man, he saw it all

My friend if the troubles and burdens you carry
Are heavy and dragging you down
And you've tried everything you can possibly think of
But there's no relief to be found
That very same Jesus that altered the future
Of the blind man the deaf and the lame
Is still reaching out in your hour of trouble
One touch and you're never the same.

CHORUS

LIVIN' FOR THE MOMENT

CHORUS

I'm livin' for the moment when time will be no more
When finally that second hand stops beatin' down my door
When the hourglass is empty I'm forever with the Lord
I'm livin' for the moment when time will be no more
(I'm livin' for the moment the day and the hour)

Deadlines, clocks and schedules makin' my life move so fast
And I can't wait until the day they're all part of the past
"Cause I'm breathless as I try to keep up with the pace
I could see Him any hour any minute any day

CHORUS

Fast pace, rat race, so slammed these days
Got no time to rest
Hello gotta go life don't move slow
It's hard to catch my breath

CHORUS

So hard to catch my breath

Repeat Chorus

EYES OF HEAVEN

You feel forgotten like no one cares anymore
You're all alone working hard, faithful to the Lord
But you're starting to grow weary so I'm here to say take heart
God sees where you're serving. He knows who you are.

CHORUS

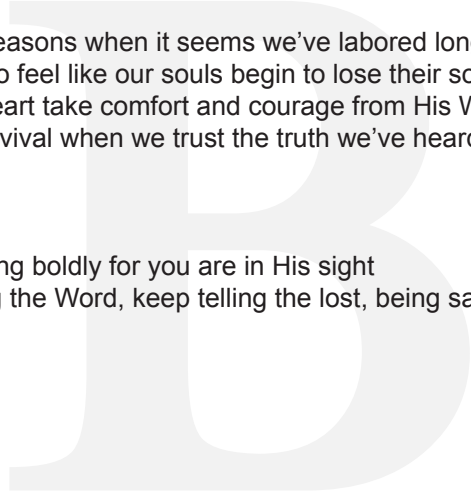

The eyes of heaven move through the world today
That our God may give strength to hearts of faith
They never miss a moment, stay faithful and true
For the eyes of heaven see you

We all have seasons when it seems we've labored long
And we start to feel like our souls begin to lose their song
But let your heart take comfort and courage from His Word
Hope has a revival when we trust the truth we've heard.

CHORUS

Keep on serving boldly for you are in His sight
Keep teaching the Word, keep telling the lost, being salt and light.

CHORUS

THROUGH THE EYES OF FAITH

Is it raining in your soul
Are the storm winds strong and cold
Walking down an endless road
Still you go on.

Way down deep inside your heart
Has your whole life fell apart
Hope is reaching where you are
So, don't forget.

CHORUS

The world's still turning
And the sun's still shining
The birds are still singing
In the sweetest harmony
"Cause love is waiting
To embrace you
Hope is seen beyond the clouds of gray
Through the eyes of faith

Healing like a long lost friend
Is reaching out to take your hand
'You can start your life again
If you'll just try
The chapter in your life today
It changes when you turn the page
The very moment that you say
Lord, I need You.

CHORUS

YESTERDAY'S BATTLES

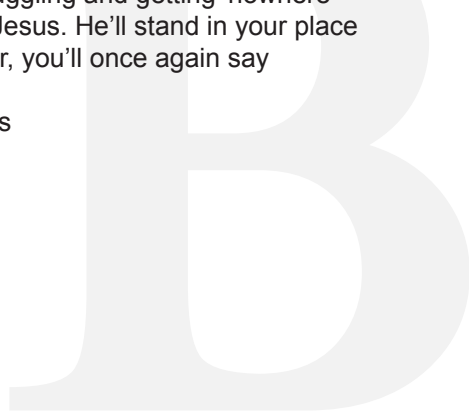

I've lived through days filled with heartache and pain
And prayed to the Father to take them away
Then I heard Him whisper, "I'm always with you
I hold tomorrow, I'll bring you through"

CHORUS

Yesterday's trials give me strength for today
And they serve to remind me that He'll make a way
The nighttime is over and now I can see
That yesterday's battles are today's victory

If you are weary from the burdens you bear
So tired of struggling and getting' nowhere
Give them to Jesus. He'll stand in your place
When it is over, you'll once again say

Repeat Chorus

THE BLOOD

What brought forgiveness to me
What washed me so completely
What made me worthy in Your eyes
What power broke the chains of sin
And gave me hope again
What raised my dying soul to life

CHORUS

It was the blood
It was the blood
The blood You shed for me
It was the blood
It was the blood
The blood You shed for me

Lord, I was powerless to
Defend myself before You
I could not plead my case alone
When justice called for everything
What sacrifice could bring
Freedom for my captive soul.

CHORUS

Mercy, sweet mercy
Covers my soul
Over and over
Forever will flow

It was the blood
Precious blood
Nothin' but the blood of Jesus
Still the blood
It's still the blood
It's still the blood

CHORUS

HANDS OF GRACE

Reachin' up from a manger to touch His mother's face
Reachin' out to the children drawin' them to love's embrace
Holdin' out healing to the blind man
Extending heaven's mercy writing in the sand

CHORUS

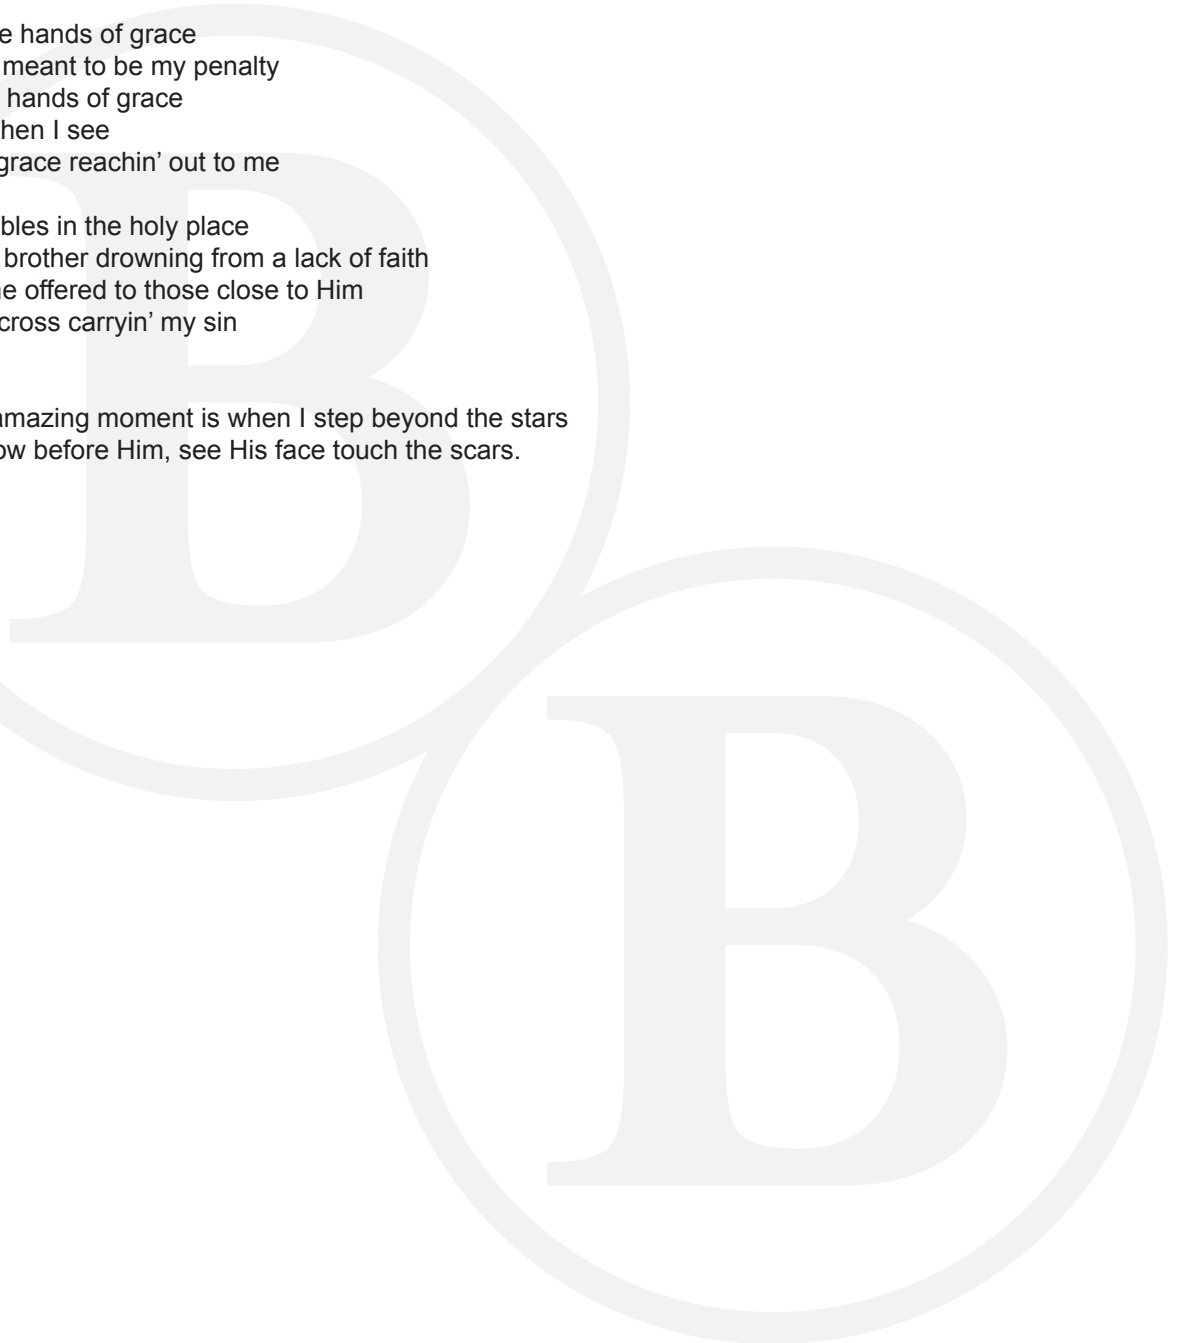

Hands of grace hands of grace
Took the nails meant to be my penalty
Hand of grace hands of grace
It's amazing when I see
The hands of grace reachin' out to me

Turnin' over tables in the holy place
Reaching to a brother drowning from a lack of faith
Bread and wine offered to those close to Him
Pickin' up the cross carryin' my sin

CHORUS

But the most amazing moment is when I step beyond the stars
And I finally bow before Him, see His face touch the scars.

CHORUS

FATHER

Till the last breath I take
The last beat of my heart
Till the last step that leads
Into Your arms
I will spend all my days
Giving You praise
Father

Till the last drop of rain
Falls from the skies
Till the last sun has set
Till the oceans are dry
I will spend all my days
Giving You praise.
Father

CHORUS

You are the first
You are the last
The beginning and ending of days
You are the Daystar that constantly shines
Perfect in all of Your ways.

Till the last melody
And the last note has played
Till the last song is sung
And the music all fades
I will spend all my days
Giving You praise.
Father

CHORUS

Till the last sound is heard
And the last echo dies
Till the day You appear
And we all rise

I will spend all my days
Giving You praise
Father

I will spend all my days
Giving You Praise
Father

JESUS AND ME

Walking down the lane, on a summer evening
Thinking about the good things in this life
Thinking about that day and the difference He made
And how I finally came to realize
All that really matters as far as I can see
Forever and ever, it's Jesus and me

CHORUS

As we go down the road together
I know, come whatever, it will always be
Jesus and me
When I feel the warm sunrise
I know He's by my side
Guiding me all the way home
It's gonna be, Jesus and me

Talking about this life, talking about His love
What it really means to be a friend
Oh, there's peace of mind in knowing
Yea, where I'll be going, when at least I reach the long days' end
Oh, till I reach that river and His face I see
I will keep on singing, it's Jesus and me

Repeat Chorus
