

The Booth Brothers

Thank Him For The Miracle

Ooh Ooh Ooh I'm a child of the King

Once because of my own thinking
I was lost and I was sinking oh so low
Living down in the darkness of my mind
Where the righteous do not go
Till the day I fully realized that God could deliver me and more
Raise me up to higher heights and give me joy
I'd never had before

CHORUS

And I thank Him for the miracle
That brought me from the wrong to the right
The miracle that saved me that brought me
From the darkness to the light
And I thank Him for the never-ending song
Of joy I sing
And I thank Him for the miracle that made me
A Child of the King

In the darkness of my soul
I felt a longing just to trust in His embrace
And I said, "Lord can I love You, can I hope to ever look upon Your face"
Then I took Him at His word
That said believe in ME and you will never fall
Believe in ME and you will be
As if you'd never strayed away at all

Yes, I thank Him for the miracle
That made me a child of the King
I'm a child of the King
Ooh ooh ooh

All Of Me

All of me not a part but all of me
All the heart and soul of me
Jesus, I surrender ooh ooh
I believe, Lord, help my unbelief
On the altar now I lay all I am today
So use me, Lord, use me anywhere at all
Though my palace may be great or small
Let me fill it gladly
Take my life be it poor or be it grand
Let me live it by Your plan. Shape it with Your hand
As I am I come to Thee without one plea
Only that Thy saving blood was shed for me
All of me through the ages yet to be
I surrender Lord to Thee
I surrender all of me
All of me
I surrender all, all of me

I Wanna Know You More

Forgetting the things behind me
Reaching for the higher call
I don't care what it may cost me
I'm ready to give my all
There's a passion deep inside of me
You are my one and only need

CHORUS

I really want to know You more
My heart is hungry for You, Lord
I really want to know You more

So tired of ordinary
Sanctified complacency
I have this holy hunger
I want to see Your Majesty
There's a passion deep inside of me
And that passion drives me to my knees

CHORUS

Jesus Speaking Peace

Ooh ooh ooh
The clouds begin to gather, thunder rolls across the sky
And my heart starts to fear what is only passing by
But deep down inside

CHORUS

I hear Jesus speaking peace to my soul
He tenderly calls. His gentle voice consoles
The storm may be raging with
One word from my Lord will calm the waves and wind
It's Jesus speaking peace to my soul.

The Master of Creation all of nature must obey
I can know that He is here but sometimes I still lack faith
And though I'm afraid

Repeat Chorus

Under God

Half a century ago
Two simple words
Declared a truth that's planted in our hearts
And every time the flag is raised
We've been honored to repeat the phrase
So the world will know we are
Under God
America's been blessed
Under God
Brought through every trial and test
We are sheltered by the mercy He chose to give
In privilege and abundance this nation lives
Under God
Freedom has survived
Under God
We need to recognize
We're dependent on His goodness
Indebted to His care
Maybe more than any people
Any time or anywhere
Still our only hope and prayer
Is Under God

New Shoes

CHORUS

I'm wearin' new shoes now
I'm gonna walk all over this land
And tell the world that Jesus saves
I'll go where He leads me wherever that may be
And tell the world that Jesus saves

The book says put on the armor of the Lord
With a shield of faith before you
The Word of the Living God your only sword
Let your feet be shod with the Gospel of peace and understanding
And go to all the world and preach His Word

In God's own power that overcomes the devil's flaming arrows
I go with my tongue made free to preach His Word
And I'll thank Him for these brand new shoes that will take me where He leads me
And tell the world that He is Lord of Lords

CHORUS

CHORUS

TAG

I'll tell the world that Jesus
Tell the world that Jesus saves

CHORUS

TAG

I'll tell the world that Jesus
I'm gonna tell the world that Jesus saves.

Don't Let Me Lose Sight

It crossed my mind again just how my life would be
Had the Father's mercy not included me
I saw myself still drifting on a raging sea
Farther out from nowhere hurting endlessly
And turning back this page of time it all comes into view
I realize I'm nothing without You

CHORUS

Don't let me lose sight of who You are
Lord, help me remember my life before You came
May I never forget Your sacrifice and Your pain
Don't let me lose sight of who You are

My mind can't comprehend the sacrifice You made
To redeem this hurting soul an awesome price was paid
You endured the suffering took all my shame
Faced the bitter agony as they mocked Your name
And when I look back to the cross I clearly see the truth
I know my life is worthless without You

CHORUS

BRIDGE

With You my life will never be the same
Don't let me lose sight of who You are

The River Keeps A-ROLLIN'

CHORUS

The river keeps a-rollin' and it never stops
And I just gotta sing a song
And the music is movin' and the rhythm is groovin'
And the world just sings along
And it grows and it grows like the river flows
It's a never-ending song
The river keeps a-rollin and I just gotta sing
And the song rolls on and on

Like a might river like a raging torrent the love of God swept over me
Making me glad, making me glad
It lifted me up and carried me on like the endless tide of a living sea
Making me glad, making me glad

CHORUS

And so the river keeps a-rollin' and a-goin' and a-flowin'
And I keep on singing my song
Happy am I, happy am I
I sing it in the morning and I sing it in the evening and I keep on movin' on movin' along
Happy am I
Happy am I

CHORUS

CHORUS

CHORUS

River keeps a-rollin'
River keeps a-rollin'
River keeps a-rollin' and I just gotta sing my song

STEPS

Steps beginning in a manger down in Bethlehem
Winding their way into a hopeless sinner's soul
Steps imprinted in the sandy shores of Galilee
Tell a story of love that never will grow old

CHORUS

For these weren't the steps of an ordinary man
He had all the power of heaven and earth at His command
And He could have chosen the bitter cup to pass
And if He had I fear, my brother, we'd all be lost at last

Steps beginning in the lonely hills of Judah
All the way up to the hill of sin and shame
Steps that beckon to the world to come and follow after
And because of those steps the world will never be the same

CHORUS

Steps that beckon to the world to come and follow after
And because of those steps the world will never be the same
Because of the steps of Jesus

Well of Life

I came to the well so dry and thirsty
‘My soul was parched from a life of sin
But when I took a drink of this everlasting water
I knew that I would never thirst again

CHORUS

I’ve had a drink of water from the well of life
That spring of love that never runs dry
Eternal life can still be found
From the root out of dry ground
Had a drink of water from the well of life

Abundant joy is springing up within me
My thirsty soul has now been satisfied
For all who come and drink of this everlasting water
Drink from the well that gives eternal life

CHORUS

Why Aren't We Waiting On You

Too often we come with preconceived notions
We stick with our programs
We go through the motions
Everything works out just fine
We get out on time
But I wonder if it makes heaven cry
When we say we love the One we deny

CHORUS

Do we need You enough
Do we want You enough
Lord, If we do
Why are we in a rush
What has taken our time
What has blinded our eyes
We claim to love You hear, soul and mind
But Lord, if we do
Why aren't we waiting on You
What would we do if our hearts were uncovered
At that very moment
We should discover
We've been playing spiritual games
All in His name
Would we go on and pretend
Or desperately cry out for Him

CHORUS
